EDUCATION

KIT-Kalaighnarkarananidhi Institute of Technology, Coimbatore - Tamil Nadu, India
B.Tech Artificial Intelligence and Data Science, Pre-Final year

2023 – 2027
CGPA- 7.8/10

TECHNICAL SKILLS

Programming Languages: C++, Python, JavaScript, HTML, CSS

Frameworks & Tools: React.js, Git, MySQL.

Core Subjects: Data Structures & Algorithms, OOPS, Operating Systems, DBMS, Computer Networks.

Technologies: Artificial Intelligence, NLP, Machine Learning, Sentiment Analysis, Software Development

PROJECTS

SmartMeet AI | FastAPI, Python, Socket.IO, Transformer

2026 | [Link](#)

- Developed an AI-powered meeting assistant using NLP to analyze conversations in real-time.
- Implemented features like sentiment analysis, topic detection, live summarization, and automatic PDF report generation.
- Used technologies like Hugging Face Transformers, FastAPI, and Socket.IO for efficient real-time communication and processing

Aptitude Master | React, Node.js, Express.js, PostgreSQL

2025 | [Link](#)

- Developed a responsive aptitude practice platform with interactive quizzes, timer-based assessments, and real-time score evaluation.
- Designed scalable backend APIs using Node.js and Express.js to handle quiz management, user responses, and performance analytics.
- Integrated PostgreSQL for structured data storage and optimized the application for smooth user experience and maintainability.

HDR Image Enhancement System | Python, OpenCV, Pillow, Numpy, Transformer, Streamlit.

2025 | [Link](#)

- The system preprocesses the input image using denoising, resizing, and detail enhancement techniques to improve image quality.
- An adaptive attention fusion module combines brightness and texture information to preserve important features while reducing noise.
- The enhanced image is processed through HDR correction and displayed in a real-time interactive Streamlit interface with comparison and download support.

EXPERIENCE

Full Stack Intern – LearnLogicify Technologies, Coimbatore- OnSite

Worked on front-end and back-end development using HTML, CSS, JavaScript, React.js, and database management concepts.

Generalist Intern – SocialMM, Chennai – Remote

- Collaborated with teams on operational and coordination tasks.
- Improved communication, teamwork, and adaptability skills.
- Managed multiple responsibilities in a fast-paced work environment.

CERTIFICATIONS & ACHIEVEMENTS

- AWS Certified Cloud Practitioner
- Google Foundations of Data Science
- Coursera – Data Structures & Algorithms

COMPETITIVE PROGRAMMING

LeetCode: Max Rating 1950 | Solved 347+ | Top 3.6% | Badges 7 | Active Days 179

Codeforces: Max Rating 1264 | Problems Solved 16 | Best Rank 1912

CodeChef: Max Rating 1509 (Div 3) | 2 Star | Problems Solved 666
